FBIB concurs in the attached request of ICAPS for extended liaison with the Department of State. At the present time our contacts with FBIB-users in the State Department are almost exclusively with the Office for Research and Intelligence and the Office of International Information and Cultural Affairs. In the past, however, we have found it quite valuable to work closely with the research personnel in the political and economic sections of the Department. It is hoped that in the future we will be able to regularize our liaison with these users in a manner similar to our present liaison with SAE and OIC.
